ABOUT US.

Horizon Shutters is a family owned and run business, offering high quality bespoke plantation shutters, blinds and awnings.

Established in 2011 the business was built on providing a high level of service alongside a good quality product, all at a competitive price. The business has grown into a small dedicated team but is still ran daily by the family who started it back in 2011.

All our products are bespoke to your window or door opening and can often be provided in an automated option with up to 10 year warranties provided.

WHY CHOOSE US?

As a small dedicated team we work hard to ensure the highest level of service is provided. We use only the best quality products and all our work is done in house to ensure the highest level of service provided. Over the last 12 years we have followed this simple process which has given us a strong reputation amongst our customers. We now have over 280 5 star reviews on google.

WHAT OUR CUSTOMERS SAY.

"Efficient, friendly service and installation. Professional installation and no mess left behind whatsoever. Perfect thank you. Highly recommended."

"We were looking for an Awning, and we came across Horizon based in Haydock St Helens. Who have started supplying and fitting superb Awnings . From start to finish the process was explained and carried out in a professional manner. We would highly recommended Horizon Awnings and shutters, to fit and supply a superb service."

"From the initial phone enquiry through to fitting they have been excellent...
Cannot find one fault in the whole process..will definitely be recommending them to friends & family.
Well done to a local family company."

FULL HEIGHT SHUTTERS

CAFE STYLE SHUTTERS

PLANTATION SHUTTERS

Shutters offer a contemporary, stylish and practical alternative to traditional window coverings such as vertical and venetian blinds. Whilst also looking more modern and attractive they help to control the temperature in the room, give more control over light and privacy and have a much longer life span than most window coverings.

PLANTATION SHUTTERS

Fixed midrail shutters

ULTIMATE LIGHT & PRIVACY CONTROL

Due to their design plantation shutters offer one of the best solutions for privacy and light control for your window. By using fixed midrail or split positions we can tailor make your shutters to give both privacy and light at the same time.

PLANTATION SHUTTERS

SHAPED SHUTTERS

BESPOKE TO ANY SHAPE & SIZE

Plantation shutters can be made to any bespoke shape which makes them suitable for tricky windows. We carry over 26 colours and even offer a custom colour option if required.

Suitable and practical for conservatories and large bi-folds, shutters are a perfect solution to all window and door openings.

CONSERVATORY SHUTTERS

CUSTOM COLOUR

PLANTATION SHUTTERS

SUITABLE FOR ALL TYPES OF ROOMS

Plantation shutters are maintenance free and do not absorb dirt and grease like traditional coverings making them very suitable for kitchens. With waterproof options available, this makes shutters suitable for bathrooms and wet rooms.

SWIMMING POOL WITH SHUTTERS

KITCHEN SHUTTERS

PLANTATION SHUTTERS

PERFECT FOR LARGE OPENINGS

Plantation shutters are completely bespoke to your window or door. With a large choice of frames available, as well as the ability for multiple folding doors or track systems, there is always a practical solution available.

TRACKED SHUTTERS

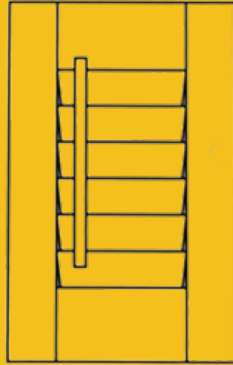

OVER 3M WIDE INSTALL

PLANTATION SHUTTERS

MADE TO YOUR EXACT SPECIFICATIONS

Central

Offset

Silent

Plantation shutters can be customised to your exact requirements. Choose between different types of tilt rods, louvre sizes and number of panels to create the perfect look for your home

TIER ON TIER SHUTTERS

PLANTATION SHUTTERS

MATERIALS

Our range of s:craft shutters come in various materials. Depending on your requirements our surveyor will ensure the correct material is picked to ensure the best design and practicality of your shutter installation.

Antigua

Our most popular shutter made from high density MDF with an extruded polypropylene coating. Antigua offers limited choices in terms of colour, shape and finish.

Bermuda

A painted MDF shutter with louvres crafted from ABS, helping reduce the weight and delivering a more natural finish than Antigua.

Cuba

These shutters are made with an MDF frame and real hardwood shutter panels. Ideal for larger installations with multiple folding panels.

Fiji

Made from a stable and quick growing timber, our Fiji shutters are favoured by people looking for a classic wood stained look. Suitable for all special shapes and solid panels.

Java

Crafted from ABS, a high-grade plastic with both hard and lightweight qualities. Fully moisture resistant, it is ideal for rooms that have condensation or chance of exposure to water.

Portchester

Crafted from durable, corrosion resistant aluminium with a patented locking mechanism, the Portchester range is an elegant alternative to other security products.

POWMOTION

OPTIONAL EXTRAS.

Enhance your shutters with some beneficial extras. You can opt to include powermotion to allow you to swiftly control the opening and closing of your shutters with a remote. This can also be controlled via an app allowing you to set pre arranged times for your louvres to open and close

Looking for some extra darkness? Why not opt for the integrated honeycomb blind using our shutter and shade option for that extra light block.

SHUTTER & SHADE

PLANTATION SHUTTERS

BLINDS & AWNINGS

ALONGSIDE OUR BEST SELLING SHUTTERS WE ALSO OFFER A LUXURY RANGE OF BLINDS AND EXTERIOR AWNINGS

BLINDS AND AWNINGS

VENETIANS

Venetian blinds are a very popular product offering good privacy and light control. Available in both faux wood and wood with different slat sizes. For extra peace of mind, why not remove the child safety worry by having these designed as smartlift, with no need for cords.

ROLLERS

Our premium roller blinds give a crisp finish and look to any room. Roller blinds come in a variety of beautiful fabric designs and colourways with the option of matching or unmatching cassettes. Choose between varying opacity ranging from translucent to blackout.

DAY & NIGHT

Day & night blinds offer adjustable light control and privacy level through sheer and opaque vanes allowing you to let light flood in or create a dark and cosy atmosphere.

PLEATED

Versatile, practical and energy efficient, our pleated collection can be custom-crafted for virtually any window and their stylish simplicity allows the perfect balance of light control and privacy. Available in three levels of opacity – sheer, light-filtering and room darkening – our pleated blinds feature an innovative insulating honeycomb structure, keeping your home cool in summer and warm in winter.

BLINDS AND AWNINGS

FABRIC VERTICAL BLINDS

Enjoy the best of both worlds with our Dijon range, which combines the luxurious look of curtains with the versatility of vertical blinds. These contemporary window coverings – ideal for large windows and doors up to five metres wide – comprise vertical vanes encased in softly flowing sheer fabric which smoothly transitions from solid to sheer

BLINDS AND AWNINGS

ROMANS

Whether you're looking for a relaxed feel with subtle folds or you'd prefer to make a statement with a bold print for a formal scheme, our premium made-to-measure Roman Blinds are available in a rich range of fabrics to suit any interior style. Choose your blinds to be stacked or cascading when drawn, add room-darkening lining for cosy bedrooms, select a cassette system in matching fabric, or motorisation to operate your blinds at the touch of a button.

SKYLIGHT BLINDS

Designed specifically for skylights, orangeries, sky pods and roof lanterns, skylight blinds provide incredible heat and light control in both summer and winter months.

Each skylight window blind can be installed as a blackout blind. This is ideal for roof windows in loft rooms or skylight windows in your entertainment area. Select the blackout blinds to help you sleep later or keep the glare off the screen during the next family movie night.

PERFECT FIT BLINDS

Whether its for bi-fold, patio doors or any other type of doors we have suitable blinds for you. We are able to supply perfect fit, clic, intu and other leading brands to ensure we can find a suitable blind to cover your doors.

WARRANTY

All of our products come with a minimum 12 month warranty, with some products having up to a 10 year warranty for peace of mind.

AUTOMATED

Looking for automated? Many of our blind ranges are available in an automated option without the need for hard wiring. Please just ask a member of staff for more info.

S-CRAFT MASTER PARTNER

Thanks to our long established reputation we are a licensed s:craft master partner ensuring you receive the best quality and service at all times.

BLINDS AND AWNINGS

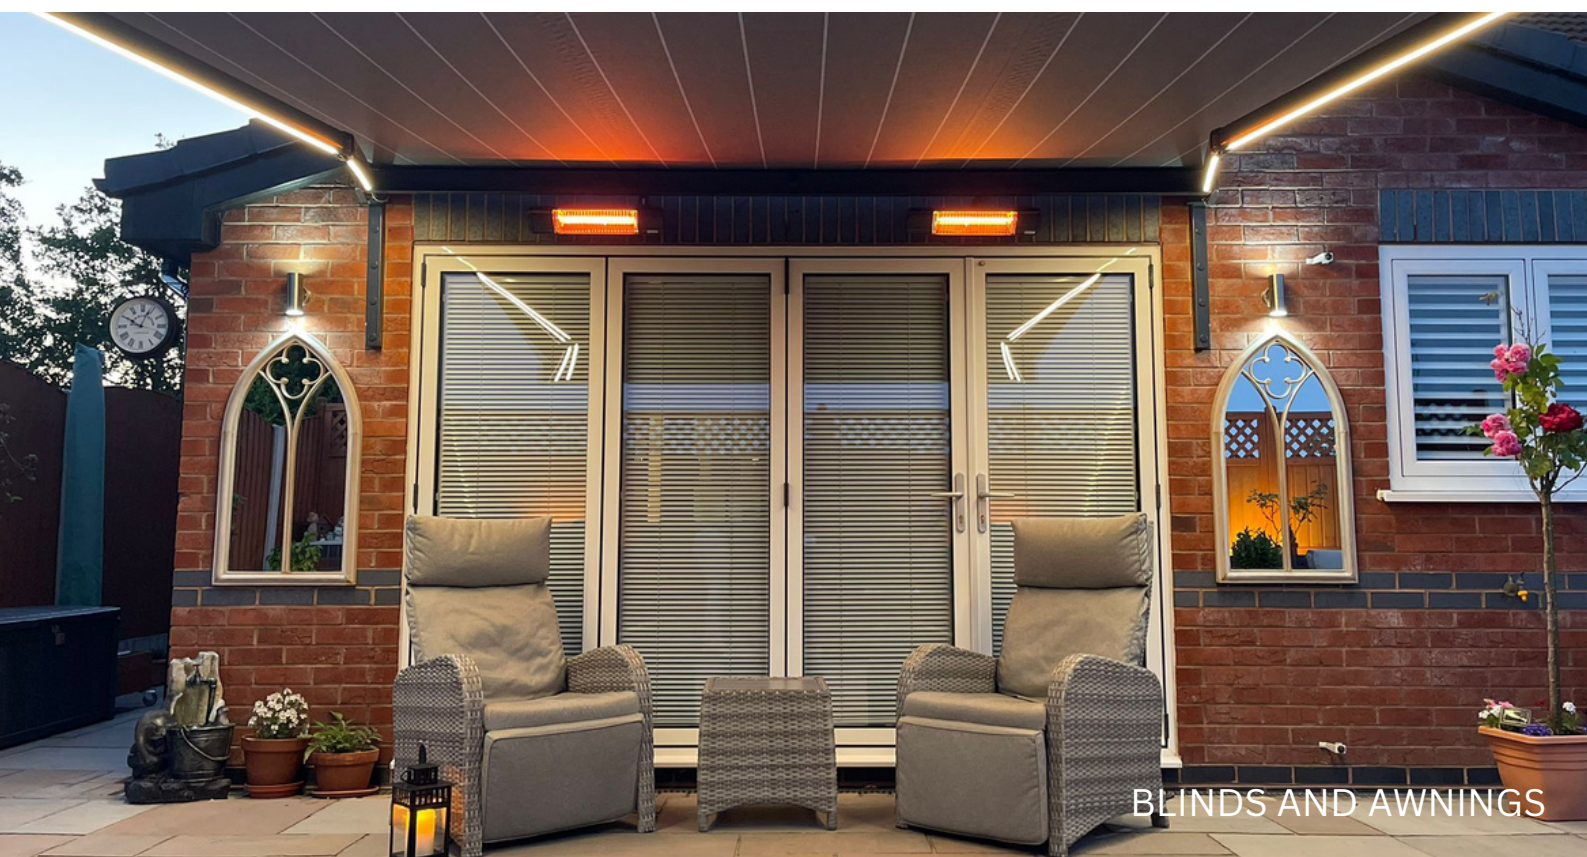

AWNINGS

Our range of bespoke awnings will create a comfortable outdoor environment where you can relax and entertain guests. Designed to keep you protected from the harsh rays of the sun but also suitable to keep you dry in a light rain.

You can opt for a standard manual awning or choose the convenience of motorisation with the further choice of heating and lighting options.

With various cassette colour options and fabric choices we can create the perfect awning for you. Our awnings come with a 5 year mechanical warranty and 10 year fabric warranty.
